Orbit 951

1080P Wi-Fi Dual Dash Cam Surveillance Edition

Capture your front and rear in 1080p full HD clear video and provide evidence in cases when you need it the most. Instantly view, download, and share your footage from the mobile App on your smartphone. Monitor your vehicle 24/7 when the ignition is turned off with the OBD II power cable. This frees up your cigarette power port and is easy to DIY without the need for a professional hardwire installation. A magnetic adhesive mount conveniently remove the dash cam and clip it back in without taking off the entire mount. Supports up to 64GB, recording several hours of footage. Includes a 32GB microSD so you can start capturing your drives right away.

1080P Front & Rear Recordings

Record sharp and clear footage to provide evidence on the road in cases when you need it the most.

24/7 Surveillance with OBD II Power Cable

Connect via OBD II port for continuous 24/7 recording to monitor your vehicle even when you're away. Designed with low voltage battery protection, if it detects your car battery falling below 11.6 volts, it will shut off automatically to protect it from draining fully.

Wi-Fi for Instant File Transfer

Easily view, download, and share your dash cam footage straight to your smart phone via Wi-Fi connection.

GPS Logging

GPS logging records your speed and location in real time, as you drive.

Speed Limit Alert

The dash cam will alert the driver if they drive above the speed limit.

Magnetic Adhesive Mount

Convenient and easy to remove the dash cam with the magnetic mount. Simply take out and clip back into place in an instant.

Specifications

Resolution: 1080P (Front) + 1080P (Rear)
LCD Display: 2.35" TFT
FOV: 140°
Wi-Fi: Yes
G-Sensor: Yes
